

# Don't Say a Word

Amerie

Late night candlelight, kisses on my neck and I  
Pull you even closer, 'cause I want you  
And somehow I got to make the fantasy the truth  
Maybe you feel like I do  
In real life, too

'Cause the truth is I don't even know your name  
(But I think about it, think about it, think about it)  
See you all the time and I don't ever say a thing  
(But I think about it, think about it, think about it)

I don't say a word  
I don't say a word  
I don't say a word  
I don't say a word  
Wanna get to know you but I  
I don't say a word  
I don't say a word  
I don't say a word  
Wanna get to know you but I

Can you picture this: your lips all over my lips  
Nothin' you gon' wanna miss  
Me and you  
Can you picture this: your lips all over my lips  
Nothin' you gon' wanna miss  
Me and you

Your hands, your touch, you know what I like enough  
Feel it comin' over us, I want you  
Now you got me feelin' high underneath a starry sky  
I just wanna make you mine in real life too

'Cause the truth is I don't even know your name  
(But I think about it, think about it, think about it)  
See you all the time and I don't ever say a thing  
(But I think about it, think about it, think about it)

I don't say a word  
I don't say a word  
I don't say a word  
I don't say a word  
Wanna get to know you but I  
I don't say a word  
I don't say a word  
I don't say a word  
Wanna get to know you but I

Can you picture this: your lips all over my lips  
Nothin' you gon' wanna miss  
Me and you  
Can you picture this: your lips all over my lips  
Nothin' you gon' wanna miss  
Me and you

Ready are you ready?  
I'm ready are you ready? I'm ready are you ready?

I'm ready, I'm ready  
Ready are you ready?  
I'm ready are you ready? I'm ready are you ready?  
I'm ready, I'm ready

Aah yeah  
Yeah I think about it, think about it, think about it  
Aah yeah  
Yeah I think about it, think about it, think about it  
I think about it oh

Late night candlelight, kisses on my neck and I  
Pull you even closer, 'cause I want you  
And somehow I got to make the fantasy the truth  
Maybe you feel like I do  
In real life, too

'Cause the truth is I don't even know your name  
(But I think about it, think about it, think about it)  
See you all the time and I don't ever say a thing  
(But I think about it, think about it, think about it)

I don't say a word  
I don't say a word  
I don't say a word  
I don't say a word  
Wanna get to know you but I  
I don't say a word  
I don't say a word  
I don't say a word  
Wanna get to know you but I
