

# Every Time

Amerie

I'm focused man

Oh yeah

Oh yeah

One day you're gonna break my heart  
That's what they told me from the start  
But no, no, they don't understand  
No matter what they say  
It's something I can't just explain  
I feel it when you say my name  
I don't care nothing 'bout your past  
Just what you do to me

But oh, I know I need to check myself  
Cause if I don't I know I'll have  
You thinking that I'm going crazy  
But oh, you're doing what you do so well  
And baby there's no body else  
And baby you know you amaze me.

Every time I close my eyes  
Every time I close my eyes  
All I see is you  
All I see is you, yeah yeah  
Every time I hear your name,  
Every time that my phone ring  
I'm missing you  
I'm missing you.

Listen  
If this is wrong it can't be right  
There's no way I want to fight  
I love how you shut it down  
Yeah, I like it  
I swear that this was meant to be,  
And I don't care what people think  
I pray that if you lie to me, I'll never know it

But oh, I know I need to check myself  
Cause if I don't I know I'll have  
You thinking that I'm going crazy  
But oh, you're doing what you do so well  
And baby there's no body else  
And baby you know you amaze me.

Every time I close my eyes  
Every time I close my eyes  
All I see is you  
All I see is you, yeah yeah  
Every time I hear your name,  
Every time that my phone ring  
I'm missing you  
I'm missing you.

Oh yeah Oh yeah  
I love what you do to me  
Oh yeah Oh yeah

And if I'm blind then I don't want to see, Oh

Every time I close my eyes  
Every time I close my eyes  
All I see is you  
All I see is you  
Evey time I hear your name,  
Every time that my phone ring  
I'm missing you  
I'm missing you.

Every time I close my eyes  
Every time I close my eyes  
All I see is you  
All I see is you, yeah  
Evey time I hear your name,  
Every time that my phone ring  
I'm missing you  
I'm missing you.  
Yeah-ah Oh yeah
