

Mine

Amerie

The way your lips fill in tonight, the way they pressed against
mine

The way you pulled me closer, closer, under the moonlight
This is how it could always be, you and me
More than friends, we could be everything

There's something about you babe, I'll make you mine
I'll make you mine. I'll find a way
Don't want no one else, I'll make you mine, I'll make you mine
Only you
I want you babe
Only you
I want you babe

No one's ever made me laugh the way you do, you know what you do
with
And nothing can compare to what we have. This can't be broken
This is how it could always be, you and me
More than friends, we could be, we could be

Baby I, I don't wanna fight it, you know that we're perfect
And I know we can be everything

There's something about you babe, I'll make you mine, I'll make
you mine
Don't want no one else, I'll make you mine, I'll make you mine.
I'll find a way
Cause it's only you, only you, baby, only you
It's something about you babe

It's something about you babe, I'll make you mine
I'll find a way. Don't want no one else
I'll make you mine, I'll make you mine. I'll find a way
Only you
Cause it's only you, only you, baby
Only you
I want you babe
