

# Streets Alone

Amerie

He won't leave the streets alone  
So I'ma leave him alone  
He won't leave the streets alone  
So I'ma leave him

Wait up all night, hope you're alright  
I want you here beside me  
'Cause I don't wanna be alone  
You think the money shows that you love me  
Baby, that's absurd  
I just want you at home  
Before I leave, I gotta grab some things  
Hold up, think I heard ya cell phone ring  
I didn't even know you were still in the house  
I don't want nobody runnin' in my spot  
Them boys will more than our love on lock  
I don't need the drama and I know what I'm gon' do

So I'ma leave him alone  
He won't leave the streets alone  
So I'ma leave him alone  
He won't leave the streets alone  
So I'ma leave him alone

Thinkin' back to when I met you  
You would give me the world  
But now you love the game more than you love me  
And don't try to say that it's just temporary  
Can't you see that I love you?  
Don't wanna see you six feet beneath  
Before I hit the door, you walked in  
Saw my bags, asked where I was goin  
I have to leave, even though I still love you  
You got down on one knee and took my hand  
Held up a ring and said that you're a changed man  
Things gon' be different, but I don't believe you

So I'ma leave him alone  
Even though I love you, baby  
He won't leave the streets alone  
So I'ma leave him alone  
He won't leave the streets alone  
So I'ma leave him

All those nights that you had to leave  
I only wanted you next to me  
You told me not to worry  
You'll be back home soon  
Now I gotta make the choice to stay  
Or turn my back and walk away  
I wanna take you with me, but you can't leave these streets alone

He won't leave the streets alone  
He won't leave the streets alone, yeah  
So I'ma leave him alone  
He won't leave the streets alone  
So I'ma leave him
