

2029

Amina Buddafly

I decided yesterday that I would never think about you anymore
But 24 hours later, I'm strumming my guitar
And it sounds like this song could be for you

And I am missing your love
I miss your touch
Even miss the way we fight
I wanted you gone but now I long for
One more toxic night

I hope I wake up in time
Shake this cuz I'll be fine
Man this is hard but will it matter in 2029?

I decided yesterday that I would throw your clothes away and not hold on
But 24 hours later, I'm wearing your sweater
Folding stuff saying this is where it belongs

And I'm missing you calling me
Trying to find me 10 times a day
Said you're insecure, and that I'm not sure
Now I wish I would have stayed

And I hope I wake up in time
Shake this cuz I'll be fine
Damn this is hard but will it matter in 2029?

Ohh ohhh...
Ohh uohh...

And I am missing your laugh
I miss your touch even
Miss the way we fight
Wanted you gone but now I long for just
One more toxic night

I hope I wake up in time
Shake this cuz I'll be fine
Damn this is hard but it won't matter in 2029

I decided yesterday that I would never think about you anymore
