

# Boy Bye

Amina Buddafly

I been thinking bout  
How I used to be down  
No more cries all laugh and I'm shining now  
And when they said I'd be better I wouldn't listen  
Made it thru the stormy weather don't even miss him  
Yea I bossed up  
I took a loss what  
Matter fact I ain't lose nothing instead he lost one  
And now they lining up trying to get a piece of me but  
I can't start to explain I'm already happy

How u think u gone be good for me?  
All that talk  
How bout I need to see  
For real  
What u got for me  
Oh baby I ain't gonna lie  
My standards went up so high  
So let's see if u can make me fly  
Treat me right  
Like royalty  
Unless you got it boy bye!

Guys in my DM  
When I'm at the gym  
Lookin at all of the fellas up in here flexing  
What makes u think I be impressed by what u look like  
I may be lustin but u won't get more than one night  
Yea I'm good love  
Unless u could love me more that  
I love myself don't give me that hood love  
I need a man who'll love me like Jay loves Beyonce  
Who's scared to lose me cause everybody else wants me!

And I ain't trippin baby  
But what I've been through has been crazy  
Better recognize what's in front of you  
And I dare you to make that move

How u think u gone be good for me?  
All that talk  
How bout I need to see  
For real  
What u got for me  
Oh baby I ain't gonna lie  
My standards went up so high  
So let's see if u can make me fly  
Treat me right  
Like royalty  
Unless you got it boy bye!
