

Daddy

Amina Buddafly

When a crazy thing happens
I think of him and the lessons
That I took along in my life
Because of only this one man (Ohhh)
Taught me tons of things and truth is
He gave me my good taste in music
And no matter what I do
His love stays the same, so today

I'm thinking 'bout my father
For the lucky ones who got you
We appreciate what you do, keep on
Being amazing
Some of you are underrated
Just know today you're celebrated

A father's love
Is one we all need
And if you hear me
Call your daddy, say "I love you"
And this song's for you
Daddy

To all the fathers out there trying
Going to work and providing
You are the brightest light and we need you
To shine on
Want you to know we don't take you for granted (No)
Some of us got baby daddy drama
But let's not cry
If he does wrong, he'll surely get his karma
Hope you're not a deadbeat
Cause no one's supposed to carry
This by themselves
But to all of y'all tryna do well
Thank you for your help

I'm thinking 'bout my father
For the lucky ones who got you
We appreciate what you do, keep on
Being amazing
Some of you are underrated
Just know today you're celebrated

A father's love
Is one we all need
And if you hear me
Call your daddy, say "I love you"
And this song's for you
Daddy

Dad, I know we don't get to talk enough
And I take full responsibility
I promise, I'm gonna call you more often
I know you miss me and I'm here to tell you, I miss you too
Today's Father's Day and I hope you're making it the best possible
I made this song for you because I love you

[?] and I want you to know that you're appreciated forever

I'm thinking 'bout my father
For the lucky ones who got you
We appreciate what you do, keep on
Being amazing
Some of you are underrated
Just know today you're celebrated

A father's love
Is one we all need
And if you hear me
Call your daddy, say "I love you"
And this song's for you
Daddy
