

# Drinks On Me

Amina Buddafly

I ain't tryna fuss gone have a ball  
Blame it on the goose the alcohol  
Boy I ain't in the mood, won't take your call  
I'm letting it loose, save it for tomorrow

U killin' me killin' me killin' me killin' me killin' me  
With all your negativity  
Keep stressin' me stressin' me stressin' me stressin' me stressin' me stress  
in' me  
And you gon' see, what, life is like without me

Won't let u waste my time  
Boy I'm turning up tonight

Walking in the club  
We 'bout to make it hot (up in here)  
All my ladies fly  
And we popping bottles I'm  
Feeling good and I'll treat  
Drinks on me, drinks on  
Drinks on me  
Won't be getting no sleep  
Drinks on me, drinks on me  
Drinks on

And I get on it DJ play my song  
Drop that Cardi B shit on the ones  
And the twos. The room starts fill-in up  
I sit back and watch them pour my cup

My phone keeps buzzin' it's bae and he cussin' don't know what he talking bo  
ut  
Watch how I put him on hold for now  
You stressin' me stressin' me stressin' me stressin' me oh why you stress me  
out  
I can't do this I'm lit right now

So don't u waste my time  
I'm turning up all night

We walking in the club  
'Bout to make it hot (up in here)  
All my ladies fly  
And we popping bottles I'm  
Feeling good and I'll treat  
Drinks on me, drinks on (me)  
Drinks on me  
Won't be getting no sleep  
Drinks on me, drinks on me  
Drinks on

Boy don't u waste my time  
I'm turning up all night

Walking in the club  
'Bout to make it hot (up in here)  
All my ladies fly

And we popping bottles I'm  
Feeling good and I'll treat  
Drinks on me, drinks on  
Drinks on me  
Won't be getting no sleep  
Drinks on me, drinks on me
