

# Hush

Amina Buddafly

I've been a fool for even thinking of you, what a waste cuz  
Now I'm to blame for learning old news  
Oh men, I'm lost and time is passing me by  
My lesson learned, next time I'll just walk on by

Oh, infatuated, when I know you no good, oh  
It's so frustrating, cause if you recognized me boy we could be  
the best  
Lovers and friends, a story with a happy ending oh my  
Next time I'll hush, won't say hi

I'll trust my hesitation  
Won't have conversation  
Not giving out my number  
Not even need for hand shaking  
I will keep telling myself  
That I know non of u mean well  
And if you do, you will choose  
To make me see that I'm seeing you

Cause u could be the exception  
And I could be making it hard for you  
I'm sorry, boy, sorry, if that's the case I'm sorry  
But too many from my past left and vanished  
Left me damaged and I

I am a fool for thinking of you  
Now I'm to blame for learning old news  
I'm lost and time is passing me by  
Oh, it's so frustrating  
Cause if you recognized me boy we could be the best  
Lovers and friends, a story with a happy ending  
Next time I'll hush, won't say hi
