

Toxic Vibes

Amina Buddafly

We don't talk no more, no we don't
I'm sure he pressed 2 call, me but I'm gone
Told him off, closed the door, ohhh
And we won't
Give it one more try
Nah don't play
I made up my mind
Chapter closed for me
I don't need no more
Toxic Vibes

We had something
Thought we could fly
But ain't it like that every time
You meet someone and you vibe
In the beginning, I've been there bout a thousand times
Ain't nothing he ain't finna do
Take me out book a trip or two, spending doe on me I'm lookin brand new
Few months go by and, poof
What happened to the late night calls
It seems you're getting way to comfortable

We don't talk no more, no we don't
I know he pressed 2 call, me but I'm gone
Told him off, closed the door, ohhh
And we won't
Give it one more try
Nah don't play
I made up my mind
Chapter closed for me
I don't need no more, no more

And ain't nothing that you can do

Chapter closed for me
I don't need no more, no more

And you gon be mad I'm stuck in your head
You gon have that feeling that you never had
You gon be broken down
Said you gon be wishing that you never left
And that you were with me now
