

Arc de Triomphe

Aminé

Original Pirate Material
You're listening to The Streets
Blinding with the lights
Lights, lights, lights

Question, the fuck you be on?
Burning these bridges, y'all niggas is nothin' like my boy Leon
I need a bitch that's bad with an arch in her back, like the Arc De Triomphe
Original Pirate Material
You're listening to The Streets

Jesus Christ had dreads, so, yes, I'ma shake 'em
Welcome to the party, baby, As-salamu alaykum
I hate they flows, who's doing their creative?
I'm an MC first and a Portland native
Yeah ;Ay, caramba!
I take his bitch and then I beat the bumper
Started with the IG then the number
And now she's at my house cutting cucumbers
True
And her moisturizer, turned my face to a merchandiser
The lips are looser, the money tighter
The face is screwed up when they see that I'm up
Please don't test me, it's A-M-I-N-accent E
I'm steppin' on these niggas with my own NBs
And my own cup full, why's yours empty?
Drink one

Question, the fuck you be on?

Close your eyes and imagine
Me getting no paper? Not happenin'
Put your back in, get to chiropractin'
Tit for tat, I tip about a thousand
Look down niggas watch your lips
Get off your soapbox, get a'boxing bitch
And my money getting taller than the ostriches
I'm finna do the Macarena in my moccasins, yeah
I am not a nepo baby
No trust fund, so it's fuck you, pay me
These niggas jays and they ways is shady
So I mus' put them in the grave like Kacey
True
I'm hot baby, where's the AC?
Who are these niggas? Someone take the gate key
C-E-O, I'm the one that pay me
Shit, I'm good, but I'm wonderin' lately

Question, the fuck you be on?
