

Big Talk, Short Walk

Aminé

Said you're talkin' that big talk
Girl can I see you just walk that walk
Said you're talkin' that big talk
Girl can I see you just walk that walk
Now you love it
Now you love it
Now you crushin'
Now you love it
Now you love it
Now you crushin'
Said you're talkin' that big talk
Girl can I see you just walk that walk
Said you're talkin' that big talk
Girl can I see you just walk that walk
Now you love it
Now you love it
Now you crushin'
Now you love it
Now you love it
Said you're talkin' that big talk
Girl can I see you just walk that walk
Said you're talkin' that big talk
Girl can I see you just walk that walk
