I've been
Keepin' to myself and stayin' out the way
I've been
Always on my lonely 'cause I can't change
I-I've been
Seein' how they talkin' and I'm outraged
I-I've been
Takin' care of me, don't need a damn thing

I've been livin' on an island too
I-I've been livin' on an island too
I-I've been livin' on an island too
I-I've been livin' on an island, tell me can we

Shawty suck my dick then I get lost in the abyss
I'm a quiet motherfucker but I like to talk my shit
I'm off a shroom, I'm off a bean, I'm off a whole lotta shit
You could bet I'm in my head but you could bet I'm in your bitch
Look these niggas be my sons, without me they'd be done
Where the fuck would you get all your mood board pictures from?
That's why I've been livin' on this island with my blunt
Ignoring all these niggas 'cause my energy is priceless

I've been livin' on an island too
I-I've been livin' on an island too
I-I've been livin' on an island too
I-I've been livin' on an island, tell me can we

I've been
Keepin' to myself and stayin' out the way
I've been
Always on my lonely 'cause I can't change
I-I've been
Seein' how they talkin' and I'm outraged
I-I've been
Takin' care of me, don't need a damn thing

Look my energy is priceless, told my jeweler, "Ice this"
I'm way too decisive, don't catch that ego-itis
When I'm up in London everybody say, "Your Highness"
Not because I'm royal, but because I be the highest
Sippin champagne, bitch, I do my damn thang
Bourne for this like Matt Dam', red whip look like Chastain
People be so phony, that's why I be on my lonely
Pe-pe-people be so phony, that's why I be on my lonely

I-I-I-I've been livin' on an island too
I-I've been livin' on an island too
I-I've been livin' on an island too
I-I've been livin' on an island

People be so phony, that's why I be on my lonely
Pe-people be so phony, that's why I be on my lonely, lonely
People be so phony, that's why I be on my lonely
Lonely, lonely
Sip-sippin champagne, bitch I do my damn thang
Bourne for this like Matt Dam', red whip look like Chastain

Sip-sip-sippin champagne, bitch I do my damn thang
Bourne for this like Matt Dam', red whip look like Chastain
