

Yeah, that's, that's good
Yeah, yeah, yeah
Yeah, yeah, yeah, yeah, yeah, yeah, yeah, yeah

I know you can
Don't nobody gotta tell you once again
I know you can
Don't nobody gotta tell yo ass again

See as a shorty I was walking with my chin down
Nowadays chin up and I walk proud
I was fed up so I had to put my foot down
Decided I was gon' boss up now

Blowing through my dark clouds
You blow me then we blow through a whole ounce
I put the records on and it's real loud
I'm fuckin' you to Endless in the background

Hold it, I had to lock in and get focused
I can't let time go and pass me by, that's such a waste of time
That's real bogus

You gotta do what you gotta do
And sometimes you gotta think 'bout you
And you know that this shit true
You know we all got a little bit to lose

I know you can
Don't nobody gotta tell you once again
I know you can
Don't nobody gotta tell yo ass again

I never been unreasonable, unbelievable
D-O dub with the meanest flow
Bifocals, locals did seen it though
With a whole new routine to go
I can't seem to figure out
Dig her out
Back talk, cat walk
A niggas out, dog house
Mm, we in it to win it, let's work this shit out
You got the key, my love is a house
We fight and we fuss, but we can't live without
I done lied and I done tried and time won't pass me by so I
Figured I'ma be the bigger man on this
KAYTRANADA, I ain't really plan on this
I stand on this, ten toes in the dirt
Half a century, feel the pimp in me

I know you can
I know you can
Don't nobody gotta tell you once again
Never gotta tell you twice
I know you can
I know it, I know it
Don't nobody gotta tell yo ass again

Now listen here
