

# Feelin' Like

Aminé

It's feelin' like a summer night  
Will I get it right  
Just waitin' outside  
Of your house  
Fuck these cat and mouse  
Just trynna lift your blouse  
Maybe get inside your house  
It's feelin' like one of those nights  
I want you by my side  
Why can't you get it right  
I'm tired of  
All these ups and downs  
Come inside my house  
Maybe we can work it out

I'm tired of all these games  
I wanna know what I gotta do  
Your momma and your brother interrupt everytime I try to fuck  
Uh oh  
Time is wastin'  
Let me through the back maybe the basement  
Legs in the air bout' to hit this kitty cat  
And I never really front so I hit it from the back  
Then your daddy walks in  
And I'm like oh shit  
Pull my fuckin' pants up while I ran out that bitch like  
Every time I love you  
And every time I fuck you  
It's like a retrograde  
Love never works out anyways

It's feelin' like a summer night  
Will I get it right  
Just waitin' outside  
Of your house  
Fuck these cat and mouse  
Just trynna lift your blouse  
Maybe get inside your house  
It's feelin' like one of those nights  
I want you by my side  
Why can't you get it right  
I'm tired of  
All these ups and downs  
Come inside my house  
Maybe we can work it out

I'm tired of everything  
I'm feelin' like this is not meant to be  
I want to know if you can demonstrate  
How you love who I am baby boy  
Love me for me  
Look in my eyes what do you see  
A woman who ain't of cooking  
And 24/7 I love the way you lookin'  
Baby you know I wanna' fuck you but time is so wrong  
Shit I really love you but between you and me it gets over short  
Like every time I love you

Every time I fuck you  
It's like a retrograde  
Love never works out anyways

It's feelin' like a summer night  
Will I get it right  
Just waitin' outside  
Of your house  
Fuck these cat and mouse  
Just trynna lift your blouse  
Maybe get inside your house  
It's feelin' like one of those nights  
I want you by my side  
Why can't you get it right  
I'm tired of  
All these ups and downs  
Come inside my house  
Maybe we can work it out
