

Hero

Aminé

Ayo, A-Mine
Animé
Anemone
Amani for one
Animé, right?
Ayo Amen, ayy you make music, innit?
Don't you have that one song that's on YouTube? It's like...
Aminaminah
Amino, right?
Something, I don't know...
I Aminé no harm
Nah? Oh... oh... my bad

Respect, that's all I ask for
My fin is fear too
No you ain't stone cold
I know you bleed too
Head up in the clouds
My feet to the crowd
I hate all your friends
But y'all splittin' rent
So every night I'm over
I try to find some closure
But you open your jaws
And then I'm goin' raw

I wanna throw my hands up high
And forget who I used to be
I wanna throw my hands up high
And get a taste of your luxury

You don't wanna cry tears with me (tears)
You just wanna keep sighin' (sighin')
Sometimes I wonder if you're bad for me (you're bad)
But that's what keeps me excited
When I'm with you

You're my hero
And my heroine
I'm addicted
Ms. Excellent (ayy)
You're my hero (hero)
And my heroine (yuh)
Oh you're perfect (I love it)
But you're bad for me

She gave me her ID
Couldn't read the date (date)
I hate all your hiding
Plus I gotta pay (pay)
Tastes like smoke but her lungs never choke (no)
Oh heart, brain freeze, oh I like her, baby
I hate you (uh) but I love you
I always pay you (yeah) but I owe you (true)
I mean I CashApp to you, I Venmo too (hey)
My savings ain't been saving so let's IOU (woo)
I paid for dinner and dessert (I did)

Keep my attention on your eyes (I did)
Open my heart and open doors (school)
But respect seems to lack from you

I wanna throw my hands up high
And forget who I used to be
I wanna throw my hands up high
And get a taste of your luxury

You don't wanna cry tears with me (tears)
You just wanna keep sighin' (sighin')
Sometimes I wonder if you're bad for me (you're bad)
But that's what keeps me excited
When I'm with you

You're my hero
And my heroine
I'm addicted
Ms. Excellent (ayy)
You're my hero (hero)
And my heroine (yuh)
Oh you're perfect (I love it)
But you're bad for me
