

Master P

Aminé

Look, last time I checked I was way too paid
The food that we eating is, of course, gourmet
I used to sip Jarritos every goddamn day
Now I'm in the Swiss alps sippin' champagne
Ice in my veins gettin' top in the Range
No, this not a hotel, this a chalet
My pinky up 'cause I paid a lot for this ring
Studio time paid for with Buffalo Exchange
Basically, I'm saying i came a really long way
Y'all niggas better watch your mouth
That pillow talk is out, we don't respect it
Bask in my blessings, so I'm never really jealous
Y'all ain't knockin' down doors, y'all just sneakin' through the crevice
Been over zealous
Knock it out the park, I don't know what a L is
A lot of blah blah and I don't buy what you're sellin'
We go where the check is
Y'all boys ain't shit and ain't shit you could tell us
Can't beef with niggas that's not in my tax bracket
All you niggas bums, stop sniffin' that Cate Blanchett
Talkin' like they gon' pop but they still local
Adam click mute when these niggas get vocal
I'm a dead-beat dad, so my sons want attention
Daddy don't care, I ain't Eddie to these children
Still goin' up like a flight that's ascending
I'm Big Daddy Kane, bitch, ain't no half steppin'

Y'all niggas out here better watch it (True)
Y'all niggas out here better watch it (True)

Y'all nigga out here better watch it
I said it when I hopped in that I would be a prophet
How could I not profit, my niggas been locked up
I told him I relate 'cause forever on my life
Swear to God, I been locked in
Niggas sayin' they bubblin', they still ain't poppin'
Bitch tried to sneak in a pic, so I cropped it
Legend in my city, I done dealt with the bullshit
Feelin' like Rodman (Feelin' like)
And remember all the love that I showed to you hoes
Mm hmm, I'm needin' it back
God flow, niggas believin' in that
I been at peace, if a nigga cross me I'ma leave it at that
I don't give a fuck if a nigga my blood nigga
So is the leaches that be on my back
Energy on seize and attack
B.I.G. like I got Lil' Cease in the back, yeah
Fuck FOMO, nigga on go mode
And I'm still gettin' show money even when I no show
And I'm really Mr. Anderson, I'm dodgin' shots slo-mo
You nigga got no morals and no codes

I'm on murals and logos
I'm a GOAT though, nigga
Watch your tone 'cause I got it in a choke hold, nigga
Fuck you mean? You couldn't catch me in slo-mo, nigga

Y'all niggas out here better watch it (True)
