

My Reality

Aminé

My reality is my fantasy
I know I'm so gone
I know I'm so gone
Is my fantasy
When there's nothing wrong
My problems are gone

Ahem, can I feel myself?
You finna need a hand-out
Now I need no help
Niggas that I looked up to
Is gettin' shook up too
And nigga, you don't know how weird that felt
Look, I went from skippin' class to makin' a classic
I'm steppin' over niggas and I'm skippin' the practice
A.I. when it come to the checks
I'm like, "Taxes? Taxes? Taxes?"
I always did what the fuck I wanted
And now girls scream like my shows are haunted
Livin' out the words that I used to say
We all dream but to live this way...

Is my fantasy (And my fantasy's lookin' like it's reality)
When there's nothing wrong (God gave me the audacity)
My problems are gone (That's why these niggas prolly mad at me)
Is my fantasy (And my fantasy's lookin' like it's reality)
When there's nothing wrong (God gave me the audacity)
My problems are gone (Now I smile, 'cause it's reality)

Fantasy's, boy, I just can't believe
Yeah, we all got dreams (I know I'm so gone)
Hoping for reality (I know I'm so gone)
You know I can't make it (Hey)
You know I can't lie to you
You know I can't fake it
You know I can't lie to you

Yeah
So as I (Skrrt) in my brand new Range
The great fulfills a void I can't explain
They be like, whoa, what's that money got on me
Like, that's a banana link chain
As I sit here, stare at my things
The glass half full from the joy that they bring
Livin' out the words that I used to say
We all dream but to live this way...

Is my fantasy (And my fantasy's lookin' like it's reality)
When there's nothing wrong (God gave me the audacity)
My problems are gone (That's why these niggas prolly mad at me)
Is my fantasy (And my fantasy's lookin' like it's reality)
When there's nothing wrong (God gave me the audacity)
My problems are gone (Now I smile, 'cause it's reality)

Who woulda thought we'd live where the sunsets?
Livin' a dream that still isn't done yet (I know I'm so gone)
I'm livin' out my fantasy (I know I'm so gone)

Don't know if the glow can handle me
I'm with my dawgs, we still gettin' money
I gotta say this shit isn't funny (I know I'm so gone)
We livin' out a fantasy (I know I'm so gone)
Don't know if the glow can handle we

Who woulda thought we'd live where the sunsets?
Livin' a dream that still isn't done yet
I'm livin' out my fantasy
