Temptations

Aminé

Braids in my head got me feelin' like AI (True)
Look good, smell good, feelin' like bae, I (True)
Wonder why I'm lonely, cruisin' solo on Sunshine
Don't drink, but I smoke big, my bud wise
Year high to forget, but then I'm up to the sunrise (Huh)
Thinkin' when I dropped the ball and it was game time (Uh)
Still make a scene like my baby from Mumbai (Hey)
These bitches don't matter, keep them hoes on the sideline
I leave 'em now, I can buy your house
Leave the door unlocked, then you poke it out
Break up, make up, then we work it out
We can't take a break, you know how that sound
Me and my ego got a hate-love relationship (True)
Sometimes, I need it, but sometimes, it's unwarranted (True)
Walk my path with a limp, still feelin' stiff
I let my foot loose, I'm on my Kevin-Bacon shit

Not knowin' what I got 'til it's gone
Temp', temp', temp', temptations
Not knowin' what I got 'til it's gone
Temp', temp', temp', temptations
Not knowin' what I got 'til it's gone
Temp', temp', temp', temptations
Not knowin' what I got 'til it's gone
Temp', temp', temp', temptations

Some times, I think I know it all (Uh-huh)
And I'm reminded that I know nothing at all (Uh-huh, uh-huh)
Always pick up on your calls
Don't forget, I used to be your little frog (True)
Some times, I think I know it all
Then I'm reminded that I know nothing at all (Uh-huh, uh-huh)

Yeah, a little lost in the sauce
But if you know me, it ain't really my fault, uh (My fault)

I pick up where I left off
Tell my exes that I gotta go and X off them
I fucked up and I messed up (Woo)
Speedin' to ya like a nigga in a Tesla
Mm

Talk to you with my chest out
That's not how I'm supposed to talk to you, I'm stressed out (True)
Grown man, but I'm talkin' like I'm ten now
I was sleep on your love, but I'm awake now ('Wake now)

Not knowin' what I got 'til it's gone
Temp', temp', temp', temptations
Not knowin' what I got 'til it's gone
Temp', temp', temp', temptations
Not knowin' what I got 'til it's gone
Temp', temp', temp', temptations
Not knowin' what I got 'til it's gone
Temp', temp', temp', temptations
