

# WHY?

Aminé

Yeah  
This sound like  
Yeah my momma told me to close the door  
I don't wanna close it no more

Ohh, I wonder why  
Yeah, I wonder why, why  
Yeah, I wonder why  
Me I wonder why, why  
Yeah, I wonder why  
She wonder why, why  
I wonder why  
She be wondering why, why

Why, why, why, why, why, why, why  
(Keep my head down)  
Why, why, why, why, why, why, why  
(Keep my head down)  
Why, why, why, why, why, why, why  
([?])  
Why, why, why

(Okay drop it)  
To the floor and I'm back  
Had to relax and never relapse  
Shoutout to Reese, the sex was like crack  
I need love, I'm depressed  
I'm a fool, I'm a mess  
But my first priority is never second best  
(I've been down, PCH with the fam)  
I'm that nigga and I know it  
(I can feel the sun hittin' on my veins)  
Pupils dilated, they don't focus  
(I can feel the sun hittin' on my veins)  
Can't nobody ever know this, they can't know this  
(Ridin' 'round ain't nobody on my brain)  
Probably on some fresh shit  
Should've done some mess shit  
Runnin' through my last check  
Wish I knew some magic  
Stressin' out crazy  
Wish I had a [?]  
Said she wanna talk, but I hope it's not a baby

Ohh, I wonder why  
Yeah, I wonder why, why  
Yeah, I wonder why  
Me I wonder why, why  
Yeah, I wonder why  
She wonder why, why  
I wonder why  
She be wondering why, why

Why, why, why, why, why, why, why  
(Keep my head down)  
Why, why, why, why, why, why, why  
(Keep my head down)

Why, why, why, why, why, why, why  
([?])  
Why, why, why

I just bought my momma a new whip, straight cash  
I payed my taxes, so it hurts my racks  
I hate when niggas say, "chill out", and they ain't got no chill  
They let me skip the DMV line, that's when I knew it was real  
I pulled up, like it, goin', pretty, fast  
I'm the, type to, get the, bag  
Fuck it, let's just, count it, fast  
I don't know why I'm feeling down  
I don't know no goofies, or no loose leafs  
This ain't a hand out, don't take no cookies  
Hey look I'm stressed out, I'm straight from movies  
But this is real life, so let's just, you know what, fuck it

Ohh, I wonder why  
Yeah, I wonder why, why  
Yeah, I wonder why  
Me I wonder why, why  
Yeah, I wonder why  
She wonder why, why  
I wonder why  
She be wondering why, why

Why, why, why, why, why, why, why  
(Keep my head down)  
Why, why, why, why, why, why, why  
(Keep my head down)  
Why, why, why, why, why, why, why  
([?])  
Why, why, why

Running out of breath  
Everytime we fuck  
The sex is amazing  
It feels like a rush  
I'm running out of breath  
Everytime we fuck  
The sex is amazing  
It feels like a rush (a rush)
