

# BULLETPROOF

Amir Obè

All we feel is all we see  
All we feel is all we see

Ooh, I'm a liar  
I preach to the choir  
Caught in the fire  
So long, 'til we meet again  
See you at the end

Drinkin' on a hundred proof  
Smokin' out the sun roof, ayy (Smokin' out the sun roof)  
It's got me feelin' bullet proof (It's got me feelin' bullet proof)  
Drinkin' on a hundred proof (Hundo)  
Smokin' out the sun roof, ayy (Smokin' out the sun roof, smokin'  
' out the sun roof)  
It's got me feelin' bullet proof

Fuck it, let's put it to rest, yeah  
You in my list of regrets, yeah  
Go ahead and screenshot the texts  
I'ma blow up in a sec', yeah (Boom)  
We a wreck, we a mess, yeah  
Without you it's been blessed  
Me and my Hennessy breath  
Want the respect and everything else, mm  
Ayy, both middle fingers, yeah  
That's how I'm feelin' (Ayy, woo, ayy)  
How I'm feelin', how I'm feelin', how I'm feelin'

All we feel is all we see  
All we feel is all we see  
All we feel is all we see  
All we feel is all we see
