

BULLETPROOF

Amir Obè

All we feel is all we see
All we feel is all we see

I'm a liar
I preach to the choir
Caught in the fire
So long, 'til we meet again
See you at the end

Drinking on 100 proof
Smoking out the sun roof
It's got me feeling bullet proof

Drinking on 100 proof
Smoking out the sun roof
It's got me feeling bullet proof

Put it to rest yea
You in my list of regrets yea
Go ahead and screenshot the texts
I'ma blow up in a sec yea
We a wreck, we a mess
Without you it's been blessed
Me and my Hennessy breath
Want the respect
And everything else mmm

Both middle fingers yea
That's how I'm feelin'
How I'm feelin' how I'm feelin' how I'm feelin'

All we feel is all we see
All we feel is all we see
All we feel is all we see
All we feel is all we see
