

EVERYONE TAKING SELFIES AT YOUR PITY PARTY

Amir Obè

We gon' be okay

Am I invited? I'm sorry
(Maybe we can chill sometime)
Am I invited? I'm sorry
Everyone taking selfies at your pity party

Must not feel like [?]
Ain't about us, You know this
Fake smiles they'll never notice
Fake smiles they'll never notice
Hey, Focus
All up in the frame like woah woah
Are you entertained? woah woah

Your cries come too often
I don't believe them anymore
You tried to convince me but I'm not that guy anymore
You lie
You lie
You lie with a smile on your face, not surprised
Karma comes around and make your mama proud
I can't even blame you, but I will not claim you no more
Everyone taking selfies at your pity party

Am I invited? I'm sorry
(Maybe we can chill sometime)
Am I invited? I'm sorry
(Maybe we can chill sometime)
Am I invited? I'm sorry
Am I invited? I'm sorry
Am I invited? I'm sorry
Am I invited? I'm sorry
Everyone taking selfies at your pity party
