

## Famous

Amir Obè

Started when my baby didn't need me  
I punched my fist through the TV  
Put it in my shirt, started bleeding  
And walked to the train lookin' evil  
I hopped the gate, I don't got change for it  
I got anger issues, I'mma pay for it  
Love's only what you can take for it  
And if you ain't patient, don't wait for it

All my life tryna be somebody  
All my life tryna be somebody  
All my life tryna be somebody

Hey, momma I don't wanna be famous  
I just wanna go home  
You know I don't ever feel ashamed but  
I'm ashamed, take me home  
Oh, I'll do better, I promise  
I'll do better, I promise  
I'll do better, I promise  
Hey, just for you, hey

It started with a cigarette or whiskey  
Ask a lady why she ain't miss me  
I got a good feelin' I'm replaced now  
Yeah, I'm drinkin' straight, I don't chase now  
Depression got me pickin' up the pace now  
They won't see me take it to the face now  
I'm mixin' with the smoke for the balance  
A million dollars is my biggest challenge

All my life tryna be somebody  
All my life tryna be somebody  
All my life tryna be somebody

Hey, momma I don't wanna be famous  
I just wanna go home  
You know I don't ever feel ashamed but  
I'm ashamed, take me home  
Oh, I'll do better, I promise  
I'll do better, I promise  
I'll do better, I promise  
Hey, just for you

(Momma I don't wanna be famous)  
(You know I don't ever feel ashamed but)  
(I'm ashamed, take me home)
