

IGNITE + GOODNIGHT

Amir Obè

What you talking bout
What we doing
Ask about her love life
She said it's ruined
We had enough right
Kept it movin
I cut her off like
Go get a new one

Bat phone and the passcode 8080
Threw stones and the glass broke
Get to safety
Let go you ain't that woke, you fugazi
Bad jokes, we don't laugh tho, lookin crazy
Back up, where your backbone, lookin shaky
I was broke, ain't going back tho
Fuck you, pay me

Yea I'm rough around the edges
Moonwalking on the ledges yea yea yea yea yea yea
The way my life is headed I'm singin triple 7 yea yea yea yea yea yea (yea y
ea)
Yea yea yea yea yea

Enjoy the high Alone, Ignite Goodnight
Yea
Ignore the the high, alone tonight goodnight

My eyes are red
Texts on read
Alive and well, but I feel dead
Got lost along the way
Give me some direction
Tryna get to heaven
Yea yea I flew private
And she flew United
Now you uninvited
Bitch I move in silence
All she say is love me
But all I hear is violence
Whoa
What you heard
What you know
What you sayin
I want to know

Yea I'm rough around the edges
Moonwalking on the ledges yea yea yea yea yea yea
The way my life is headed I'm singin triple 7 yea yea yea yea yea yea (yea y
ea)
Yea yea yea yea yea

Enjoy the high Alone, Ignite Goodnight
Yea
Ignore the the high, alone tonight goodnight
