

LAST TIME

Amir Obè

Day and night, hiding from the mirror, feeling like a monster
Save my life
Please
Won't you save my life
I'm too scared to call you
Same time, this might be a bad dream
Let me find some water

Last time I fell in love, I don't think I hit the ground
Look baby, I can fly
Look baby, I can fly
I ain't never toning down
I ain't never toning down
Look baby, I can fly
Look baby, I can fly

Burning lives, that comes as surprise. I'm just like my father
I'm giving up, I'm way too sick of love
Someone call a doctor
Stick to myself, I'm going through it, don't feel like being bo
thered

Same time, this might be a fever dream, let me find some water

Wake me up
Shake me up
Pull up on me
Pull up on me
Hit the ceiling
I'm falling down
To my knees
It all comes down

Last time I fell in love, I don't think I hit the ground
Look baby, I can fly
Look baby, I can fly
I ain't never toning down
I ain't never toning down
Look baby, I can fly
Look baby, I can fly
