

PRIMA DONNA

Amir Obè

Watch me finesse, watch me finesse, watch me finesse
Watch me finesse, watch me finesse, watch me finesse
Watch me finesse, watch me finesse, watch me finesse
Watch me finesse, watch me finesse, watch me finesse

Ooh, prima donna, I don't find her
My reminder, I survived ya (Watch me finesse)
I know you feel it
I know you feel it

Cutthroat when I'm in Suburbans
I still pull up if it's worth it
I got a room at the [?]
I got a room at the [?]
I got a view of your boo
And I'm 'bout to ruin her, too
I love when you do what you do
You love when I tell you truth
(Watch me finesse)
Yeah, watch me finesse
And I made a mess
And now she obsessed, yeah
I don't do calls (I don't do calls)
Send me a text (Yeah)
Life of a prince
She been depressed

Ooh, prima donna, I don't find her
My reminder, I survived ya (Watch me finesse)
I know you feel it
I know you feel it
Ooh, prima donna, I don't find her
My reminder, I survived ya (Watch me finesse)
I know you feel it
I know you feel it

Watch me finesse, watch me finesse, watch me finesse
Watch me finesse, watch me finesse, watch me finesse
Watch me finesse, watch me finesse, watch me finesse
Watch me finesse, watch me finesse, watch me finesse
