

ROAM

Amir Obè

Metro bus to a rover
Dollar slice and a soda
Turbo on the controller
Hell yea game over
Casamigos when we pour up
My amigos finna glow up
I was a jit holding the grip
Just look at we grewed up

313-899-019
Guess the last digit, hit my line
Hit my line
Conversations bout them better days
Felt just like yesterday
They was all sleeping but
I was awake for like 7 days

24 hours to 24 hours
24 hours to 24 hours
6 figure taxes
This ain't ya bracket
I need the action
In the corner last laughin'

Late nights I roam
Late nights I roam
Late nights I roam
Late nights I roam

She from my side
She my side
Tryna be main
Stay in yo lane

She from my side
She my side
Tryna be main
Stay in yo lane

I've been low 3 summers
Going ghost 3 summers
Same bed but she's lonely under covers
I might say it but I don't love her
I don't need nothing from her
I don't need nothing from her
I still got the same number
(I still got the same number)
