

Shadow

Amir Obè

Goin' for my lil' obsession
Wave hello to my shadow
The darkness my protection
No one ever need him
We can go to battle
Wave hello my friend
Now it's blood on the ground

Hello
Wave hello to my shadow
Say hello to my shadow
Wave hello to my shadow
Shadow
Shadow

I'm goin' for my lil' obsession
Wave hello to my shadow
The darkness my protection
No one ever need him, no
We can go to battle
Wave hello my friend
There's blood on the gravel
Stood beside you in the end

I'm goin' for my lil' obsession
Wave hello to my shadow
The darkness my protection
No one ever need him, no
We can go to battle
Wave hello my friend
Now it's blood on the ground
Stood beside you in the end

Bad for my health
I'm scared for myself
I gotta get away, now
I just need help
They can hear me out
Every time I lay down
Hope I'm alright, hope I'm alright
It's nothing I can say now
Hope I'm alright, hope I'm alright, hey

I'm goin' for my lil' obsession
Wave hello to my shadow
The darkness my protection
No one ever need him, no
We can go to battle
Wave hello my friend
Now there's blood on the gravel
Stood beside you in the end

Shadow
Wave hello to my shadow
Say hello to my shadow
