

## VIP

Amir Obè

Talking game, bless you, wipe it up  
Bring your nose, I could white you up  
All em demons you been fighting, yeah  
Crack a smile, I seen you crying - oh yeah

I recorded all of this in project housing  
I just skipped the pat-down and I snuck an ounce in  
Here up in the hoodie got the models bouncing  
Walking through just got me twenty thousand

Fuck is you calling me for?  
Fuck is you calling me for?  
Imma roll with the lost ones  
You in VIP looking so  
Unimportant and I know how you roll  
Yeah, then I go up  
Top down I'm finna go up  
Hoes down, finna go up  
Tings tings, finna go up

Used to ride the train, I got a seat for you  
Used to keep it faithful, now I cheat for you  
I ain't stalked the number, yeah I creep for you  
I just want the same I don't need from you

I recorded all of this in project housing  
I just skipped the pat-down and I snuck an ounce in  
Here up in the hoodie got the models bouncing  
Walking through just got me twenty thousand

Fuck is you calling me for?  
Fuck is you calling me for?  
Imma roll with the lost ones  
You in VIP looking so  
Unimportant and I know how you roll  
Yeah, then I go up  
Top down I'm finna go up  
Hoes down, finna go up  
Tings tings, finna go up
