

WON'T BE HARD TO FIND

Amir Obè

Let you leave me
I ain't leave you
Go and be who you wanna be boo
Sad song, life goes on
It ain't right when we both wrong
Would've stayed

Would've stayed
Would've stayed
Supposed to be mine but she really went away
Would've stayed
Would've stayed
Hate to see you go

Won't be hard to find
Won't be hard to find
I'll be home
Won't be hard to find

Won't be hard to find
I'll be posted
Same crib you posted
Had us convinced it was yo shit
Won't be hard to find
City small babe
Outside all day
Hope you see me always
Won't be hard to find
Check ya timeline
Since we hit that deadline
Now it feels like my time
Baby
Since you on that fed time
Outside when it's bed time
Finna catch a red eye
Land before the set time
Whole crowd
Singing bout the break down
Ay
You looking like a let down
Ay
Goodnight
Goodnight
Goodnight
