You told me I'm not your type of guy and I'm way too shy, I promise (promise)

Back before we even had a fight yeah you did it out of spite, I promise

My mama said, "Miro you're a genius" and I'm starting to believe it, I promise (promise)

They don't really feel me unless they really in their feelings, I feel it, I promise (promise)

Broken heart to broken promises

I'm addicted to them yellow lights I'm never gon' crash

Used to be scared of the chase, now you say I'm brave, I promise (promise)

Only place I could ever spill my pain all day, I promise (promise)

You told me I'm not the type of guy and I'm way too shy, I promise (promise)

And my ex in the crowd, point her out, Ima ask her how she doin', I promise (promise)

Got that little pretty ring now, I promise (promise)
