

On the Other Side, Pt. II

Amoral

Eyes
Don't lie to me
I know it's there
It has to be

Eyes
Why can't I see
My way away
Away from here

Fallen leaves, mistake for dead sparrows
No more purpose in a turn of a stone
The road to ruin paved uneven and narrow
For the journey's to be taken alone
This is now shelter
This is now home

Unconditional love, what a fool I must've been
Blind faith, infinite trust are to blame
for this mess that I'm in
Walls tilting forward
Air getting thin

Mirror the reason why all is not well
Eternal wild meadows turned into a cell

I waited, wasted all this time
Aching for, wanting more

Awaken, the blindfold's off my eyes
Forgotten souls were built to fall

Old lover with a dagger
a black widow dressed in white
Weakened by my wounds I stagger
trying to crawl into the light

You'll apply the pressure
keep my fingers from the cuts
Hold me here with you forever
staring out the windows shut

"Lay right here in my arms
rest your head for a while
To be real is to hurt
to stay here is to die"

I waited, wasted all this time
Aching for, wanting more

Awaken, the blindfold's off my eyes
Forgotten souls were built to fall

See my dreams unchained, undone
See all clear, all right, all gone
See my dreams undone
See all clear, all gone
