## **Death of a King**

When the dawn is bright and new And the day is full of hope It's easy to continue your journey Like a king on his royal way

You will stand there admidst silence In the void of endless winter On the ice of an unknown lake In the heart of loneliness

There you will meet yourself There you'll weigh your crown On the ice of the lake of death On the mirror of time

There you will meet yourself There you'll weigh your crown On the ice of the lake of death On the shiny mirror of time

When the days are getting colder And the winds clash against each other When the light is getting dimmer And darkness shrouds the roads

You will drift into strange byways Lost in foreign lands Stranded on frigid shores On a godless desolate plain

There you will meet yourself There you'll weigh your crown On the ice of the lake of death On the mirror of time

It's there where your endeavour ends On the face of a forlorn lake Under weight of a timeless sky It's there where you shall die

There you will meet yourself There you'll weigh your crown On the ice of the lake of death On the mirror of time

There you will meet yourself There you'll weigh your crown On the ice of the lake of death On the shiny mirror of time
