

Midnight Strikes

Amorphous

Midnight strikes and I am gone too soon
Boys and girls move underneath of the moon (Moon, moon, moon), oh
12 o'clock, don't wanna stop, not anytime soon (No)
Midnight strikes and the truth is I want you, you, you, you

He starts fallin' over
He had to park the Rover
Please, get him off the sofa (Please, get him off the sofa)
I found time to roll us, some sweet marijuana
Flip like a Motorola, round like a rollercoaster

Midnight strikes and I am gone too soon
Boys and girls move underneath of the moon, oh
12 o'clock, don't wanna stop, not anytime soon (No)
Midnight strikes and the truth is I want you, you, you, you

Boys and girls move underneath of the moon (Mm-hmm, mm), oh

Give it to me
Give it tonight
Give it to me
And spend the night (Yeah, yeah, yeah)
Give it to me
Give it tonight
Give it to me, ee, ee, ee

Are you vibin'? (Yeah)
Are you drunk yet? (Yeah)
Want another drink? (Yeah)
Are you tired yet? (Yeah)
Should we switch clubs? (Yeah)
Smoke a cigarette? (Uh-huh)
Can we be bougie and book that Uber X?
Should we stunt on 'em? (Yeah)
Should we take pics? (Mm-hmm)
