

The Wave

Amorphous

Yeah
Uh-huh
Uh
Listen, uh-huh, uh

Every time I, I go under
Undercover
Every sun up
It's a come up
With my lover
If you ever
Wonder, wonder
What I'm under

You know I'm under your spell
You trippin' as well, you can't tell

Just ride the wave
Just ride the wave (Ooh, ooh, ooh, ooh)
Just ride the wave (Wave)
Need to relax, stop tryin' me
You can relax around me
If you can relax around me, you can ride the wave

Every time I (I go under), I go under, I (Undercover)
Undercover (My lover)
So if you fuck up (Ooh, ooh)
You know what's up (Ooh, ooh)
But I love you
If you ever
Wonder, wonder
What I'm under

You know I'm under your spell
You trippin' as well, you can't tell

Just ride the wave (Ooh, ooh, ooh, ooh)
Just ride the wave (Ooh, ooh, ooh, ooh)
Just ride the wave (Wave)
Need to relax, stop tryin' me
You can relax around me
If you can relax around me, you can ride the wave

You can relax around me
You can relax around me, 'round me
You can relax around me
You can relax around me, 'round me
You can relax around me
You can relax around me, 'round me
You can relax around me
You can relax around me, 'round me
You can relax around me
You can relax around me, 'round me

You can relax around me, around me
You can relax around me, around me
You can relax around me, around me

You need to relax around me, around me
Say, you need to relax around me, around me
Know you can relax around me, around me
You need to relax around me, around me
Say, you need to relax around me, around me

Woah-oh, woah
Just ride the wave (Oh-oh, oh-oh, oh)
Just ride the wave (Oh-oh, oh-oh, oh)
Just ride the wave (Wave)
Need to relax, stop tryin' me
You can relax around me
If you can relax around me, I'll let you ride the wave
