

## Crooked

Amos Lee

Walked a crooked road for a crooked mile  
Showed my crooked teeth and my crooked smile  
I read a cuckoo clock on a crooked wall  
Turns out it's all crooked, y'all

And I don't know what I'm supposed to do  
Turns out that I'm crooked too

I read a crooked headline on a crooked page  
There's a crooked leader on a crooked stage  
But he seems to think he's standin' tall  
Turns out it's all crooked, y'all

And I don't know what I'm supposed to do  
Turns out that I'm crooked too

So when you stand before that setting sun  
And the needle's broken and the record's spun  
You hear a stampede from a cattle call  
Turns out it's all crooked, y'all  
Oh, it turns out it's all crooked, y'all
