

# Hold You

Amos Lee

See you in the doorway  
Those tears on your face  
Singing "Stand by Me"  
Wanna make you see I can keep you safe  
Don't need no one to fix you  
'Cause, babe, you ain't broken  
There's hope in your eyes, a new sun will rise  
You shall be woken

I wanna hold you  
I just wanna hold you  
I wanna hold you

You say everyone seems happy  
Everyone except for you  
Babe, I know it seems that way, everybody got pain  
Something they're going through  
I don't wanna hurt you  
Don't wanna cause you pain  
You fight through, I'll stand by you  
Ours shall be the same

I wanna hold you  
I just wanna hold you  
I wanna hold you

I wanna hold you  
I just wanna hold you  
I wanna hold you, yeah

I wanna hold you

There is a shelter  
A sweet little shack  
Want to sit with me?  
Wait peacefully for the storm to pass  
Beauty beneath me  
Beauty above me  
I want you to reach me, I want you to teach me how I can love you

I wanna hold you  
I just wanna hold you  
I wanna hold you

So just reach out your hand  
Reach out your hand  
Reach out your hand  
Reach out

So just reach out your hand  
Reach out your hand  
Reach out your hand  
Reach out

So just reach out your hand  
Reach out your hand  
Reach out your hand

Reach out
