

Learned A Lot

Amos Lee

Hey baby! It's all gravy
We all do what we got to do
Hey darling! I'm broken hearted
I've been crying but my crying is through

And I've learned a lot
I've really learned a lot
Broken down on a bedroom floor
Yes I learned a lot
Really learned a lot
I hope you found what you were looking for

Spent a lot of time staring at the ceiling
Spent a lot of time talking to wall
Spent a lot of time chasing that old-time feeling
Spent a lot of time waiting on your call

Oh and darling! The sun has been fallin'
Like the dust on some mid-Western plain
Oh and darling! Instead of runnin'
I think it might be time
You sit down
And deal with the pain

Late at night I sit and listen to the freeway
Rolling like a river on a distant shore
Nobody told me that living was easy
I ain't living in fear anymore

I hope you found what you were looking for
