

Little Think

Amparanoia

This is a song of you
for the wonderful moments with you
this is my single Little Think
this is only my fantasies
Tranquile, tranquile
c'est pas la peine de souffrir
moi, j'ai compris
c'est pour ça je veux te dire
A Little Think, a Little Think, you and me
you know, you know, how much tears in my dreams
you know, the fight never stop
sugar kisses, love me tender, love me all night long
don't forget me, don't forget my soul
