Bitter, blue and alone
Lost again and again
And I don't know where I'm gone
And I don't know where I've been

And I will turn
Turn up the sun

To a space suits your bones
Soft skin keeping you dry
So vulnerable and alone
Without a tear in your I

I will turn
Turn up the sun for you

Turn up the sun
And take whatever may come
I turn up the sun for you
And feel happy today

What do you say?

And when the time is at hand
To walk the void deviade
Don't wreck the bike of a traveling man
Just the stars to guide your way

We shall see
If you turn up the sun for me

Would you turn up the sun
You slayed son of a gun
Would you turn up the sun for me?

Hey What do you say?
