

# I Built This Wall

Amy Dalley

I'm an independent, stuff my wallet  
Multi-taskin' workaholic  
I built this wall  
I can tear it down  
I'm a double-shot of keep it comin'  
Gotta keep the motor runnin'  
I built this wall  
I can tear it down

(Chorus)  
Brick by brick  
Stone by stone  
Built it high  
Built it strong  
It's every man I've ever known  
Until right now  
And there you are with those eyes  
Wantin' on the other side  
Well, I built this wall  
I can tear it down

Commitment makes me run for cover  
Obligation makes me smother  
I built this wall  
I can tear it down  
I got a lot on my plate  
Like my freedom like my space  
I built this wall  
I can tear it down

(Repeat Chorus)

Alright, okay I'll let you in  
But don't go getting crazy  
No diamonds  
No wedding  
No babies  
Nope, no babies  
I built this wall  
I built this wall

(Repeat Chorus)

Yeah I built this wall  
I can tear it down  
I built this wall  
I can tear it down
