

# It's Time

Amy Dalley

Picked a day on the calender  
Marked it with a big red star  
That's the day I'm over him  
That's the day I take back my heart  
I don't know if I'm ready  
To let him go just yet  
But I know I should  
And I said I would  
There's only five days left

(Chorus)  
It's time  
To find my way  
To break these chains  
I can't wait  
There comes a day  
You know you'll be alright  
It's time  
To face it  
It's time  
To let it go  
This time  
It's time for a whole new life  
It's time

I'm planning a great big party  
To celebrate the end of us  
Have a drink of pink champagne  
Wash away the damage done  
I don't know who's out there  
I don't know what my heart will find  
I don't know whether I'll love again  
But I can't wait to try

(Repeat Chorus)

Yeah  
Whoo

It's time  
To face it  
It's time  
To let it go  
This time

(Repeat Chorus)

It's time
