

# Your Love

Amy Diamond

Two days ago I said we're done forever  
But give it a week and we'll be back together  
Oh I know how they say we're no good for each other  
But as much as you wind me up you know I love ya  
And I-I-I-I never seem to shake the thought of you  
And I-I-I-I I know you feel it in the same way dont' ya?

So let them talk they way they're talking  
Yesterday's gone, tomorrow's calling  
I'll be there for you  
I'll be there for you

'Cause I've never known a love  
Never known a love like this  
Never known a love, never known a love like  
Your love, your love, your love  
Your love, your love, your love

And all that we are  
That's what I want and all that I need  
(That's what you've got)  
Your love, your love, your love  
Your love, your love, your love

Things will be different, this time around  
Set fire to the past and watch it burning down  
And I-I-I-I got you on my mind and in my minutes  
I-I-I-I don't wanna live my life without you in it

So let them talk and keep on talking  
Yesterday's gone, tomorrow's calling  
I'll be there for you  
I'll be there for you

Cause I've never known a love  
Never known a love like this  
Never known a love, never known a love like  
Your love, your love, your love  
Your love, your love, your love

And all that we are  
That's what I want want and all that I need  
(That's what you've got)  
Your love, your love, your love  
Your love, your love, your love

Oh oh oh oh oh oh oh,  
Who cares what they say about us  
Oh oh oh oh oh oh oh, Oh oh oh, Oh oh oh oh oh oh oh  
Who cares what they say about us  
Oh oh oh oh oh oh oh

No, I've never known a love... like this  
Never known a love... like  
Your love, your love, your love  
Your love, your love, your love

Cause I've never known a love  
Never known a love like this  
Never known a love, never known a love like  
Your love, your love, your love  
Your love, your love, your love

And all that we are  
That's what I want to know that I need)  
(That's what you've got)  
Your love, your love, your love  
Your love, your love, your love

No, I've never known a love like  
never known a love like  
never known a love like... this  
Your love, your love
