

# Shadows

Amy Grant

There are two of me  
One does the right thing,  
One cannot see.  
Standing back to back,  
Who is the strong one  
In the last act?  
Every path I take,  
Roads I go down,  
Choices I make,  
Take me right between  
Patches of light and  
Darkness in me.

Oh, we have to keep  
A watch on our shadows  
Every move  
They secretly make.  
We try to be  
So close to heaven,  
But then our shadows,  
They run away.  
They pull away.

Oh

And the shadows prove,  
Falling behind,  
Tracing each move, oh,  
When I do some wrong,  
There is no hiding;  
Shadows are long.

So we have to keep  
A watch on our shadows  
Every move (Every move)  
They secret make, yeah, yeah,  
We try to be  
So close to heaven, (Mmmmm)  
But then our shadows,  
Pull us away.  
They pull away.

We have to keep  
A watch on our shadows  
Every move (Oh)  
They secretly make, yeah,  
We try to be  
So close to heaven,  
But then our shadows,  
They pull us away.

Oh, we have to keep  
A watch on our shadows  
Every move (oh) they secretly make, yeah,  
We try to be  
So close to heaven,  
But then our shadows

Pull us away.  
Pull us away.

Pull us away.

(Ha, hu ha, oh no, cha cha.  
Oh no, gotta keep our watch.  
Keepin' it under my shadow.  
Oh no, gotta keep our watch.  
On my shadow.  
Oh no, gotta keep our watch.  
Keepin' it under my shadow.  
Oh no, gotta keep our watch.  
Keepin' it under my shadow.  
Oh no, gotta keep our watch.  
Keepin' it under my shadow.  
Oh no, gotta keep our watch.  
On my shadow.  
Oh no, gotta keep our watch.  
Keepin' it under my shadow.  
Oh no, gotta keep our watch.  
Keepin' it under my shadow.  
Oh no, gotta keep our watch.  
Keepin' it under my shadow.  
Oh no, gotta keep our watch.  
On my shadow.  
Oh no, gotta keep our watch.  
Keepin' it under my shadow.  
Oh no, gotta keep our watch.  
Keepin' it under my shadow.  
Oh no, gotta keep our watch.  
Keepin' it under my shadow.  
Oh no, gotta keep our watch.  
On my shadow.  
Oh no, gotta keep our watch.  
Keepin' it under my shadow.  
Oh no, gotta keep our watch.  
Keepin' it under my shadow.)
