

Stand By Me

Amy Grant

Within your eyes
I find it easy to believe
I can't deny
It comes as no surprise to me
That no matter where you are
That's where I want to be

I can reach another star
If you stand by me
I can hold it in my hands
Feel its energy
I can face another day
If you stand by me
Oh, can't you see
I need you to stand by me?

This is our time
The only life that we can live
I know there's heartache
But we can stand and not give in
Even though we're gonna go
Through the fire and back again

I can reach another star
If you stand by me
I can hold it in my hands
Feel its energy in me
I can face another day
If you stand by me
Oh, can't you see
I need you

I need you so
I don't see a time
When I'll ever let go
As long as you stand by me
Oh, yeah

Oh, everything you are
Is everything I need

I can reach another star (I can reach another star)
If you stand by me (If you stand by me, by me)
I can hold it in my hands (I can hold it in my hands)
Feel its energy
I can face another day (I can face another day)
If you stand by me (I can reach another star)
Oh, can't you see I need you (You see I need you)
To stand by me

I can reach another star (I can reach another star)
If you stand by me (If you stand by me, by me)
I can hold it in my hands (I can hold it in my hands)
Feel its energy
I can face another day (I can face another day)
If you stand by me (I can reach another star...)
