

Murder

Amy Pearson

Oh...

I have die a hundred times
But heaven's still so far away
I'm not in chains no more,
I'm not gonna do the time
When you could just confess your guilt today

You're almost scared of the judge, the jury
You're not concerned about how you destroyed me
And left me to burn

Something inside me needs to justify
The reason I still can't smile in my eyes
There's nowhere to run, you're out of alibis
Sorry, but you're guilty of killing me
Murder in the first-degree

I have kept it all inside
But so many times you bruised my soul
But now I'm strong enough to speak the truth
Time for your crimes to take their tool

I watch you step up on to the bench
And you look so afraid
Cause now you got more than me to manipulate

Something inside me needs to justify
The reason I still can't smile in my eyes
There's nowhere to run, you're out of alibis
Sorry, but you're guilty of killing me
Murder in the first-degree...

I still weep and think about it
Been waiting so long to accept
I can't just leave my past behind me
Cause everytime I try, I fell
And though I didn't wanna do this
I can't keep it inside
And the truth is still the truth
No matter how you try to hide

Something inside me needs to justify
The reason I still can't smile in my eyes
There's nowhere to run, you're out of alibis
Sorry, but you're guilty of killing me
Murder in the first-degree

Something inside me needs to justify
The reason I still can't smile in my eyes
There's nowhere to run, you're out of alibis
Sorry, but you're guilty of killing me
Murder in the first-degree...

You're killing me...
You're killing me...

You're killing me...
You're killing me...
