

Worst Day of My Life

Amy Shark

Made it out of cardboard and rope
Hung it 'round my neck so you would see
And please do not ask me how I am, I'm alright
But this could be the worst day of my life

Made it out of high school with a plan
Be brave and bold and confident
Show up at your house, what have I done?
Pray you're not in there with someone

Wonder when I'll get over you
Should have been gone by now
And you're never home, it's all I can think about
Your love's all gone, you think I'm fine
Hey, this could be the worst day of my life

Saw you for the first time in years
You held my face, I held my tears
You don't have to let every part of me go
It'll never be over, we both know

Wonder when I'll get over you
Should have been gone by now
And you're never home, it's all I can think about
Your love's all gone, you think I'm fine
Hey, this could be the worst day of my life

Hey, don't look at that girl
I think she's gonna cry
I flick through magazines
In the corner of my eye
And everybody knows
I can read their minds
Don't ask me, I'll be fine

Wonder when I'll get over you
Should have been gone by now
And you're never home, it's all I can think about
Your love's all gone, you think I'm fine
Hey, this could be the worst day of my life

Wonder when I'll get over you
Should have been gone by now
And you're never home, it's all I can think about
Your love's all gone, you think I'm fine
Hey, this could be the worst day of my life
Yeah, this could be the worst day of my life
