

Happiest Girl In The Universe

Amy Studt

Dear Lisa
How can I tell you
Oh, Lisa
How did you sleep last night?

I was lost in the dark
You found me in the dark

'Cause you know that we're never coming back
Give it up, give it up, baby, please

In these dire times, well, mine's Coca-Cola
Got my Reeboks on and my arse off the sofa
I've been pregnant eyed and my mind starts to falter
I don't wanna die, before I
Learn to live my life like I could, not how I wanna
Dancing in the rain, not hiding under covers
I don't wanna, I don't wanna, I don't wanna die

Before I learn to live my life
Unrehearsed
I wanna live my life
Like the happiest girl in the Universe

Dear Amy
I got your letter yesterday
Oh, Amy
I heard you're writing a song for me

I was lost in the dark
You found me in the dark

'Cause you know that we're never coming back
Give it up, give it up, baby, please

In these dire times, well, mine's Coca-Cola
Got my Reeboks on and my arse off the sofa
I've been pregnant eyed and my mind starts to falter
I don't wanna die, before I
Learn to live my life like I could, not how I wanna
Dancing in the rain, not hiding under covers
I don't wanna, I don't wanna, I don't wanna die

Before I learn to live my life
Unrehearsed
I wanna live my life
Like the happiest girl in the Universe

Live my life
Unrehearsed
Wanna live my life
Like the happiest girl in the universe

In these dire times, well, mine's Coca-Cola
Got my Reeboks on and my arse off the sofa
I've been pregnant eyed and my mind starts to falter
I don't wanna die, before I

Learn to live my life like I could, not how I wanna
Dancing in the rain, not hiding under covers
I don't wanna, I don't wanna, I don't wanna die

Before I learn to live my life
Unrehearsed
I wanna live my life
Like the happiest girl in the universe
