

Here Lies Love

Amy Studt

The end of the greatest love
All for nothing and nothing for all
The end of the greatest love
Oh no, oh no

Darling, here lies love
Love that once was brave and bold now lies still and cold
Our song, play on
Our song
Con Brio and out of key
It has the sweetest melody, melody, melody, melody

A verbis ad verbera
Ab Hinc
Amare et sapere vix deo conceditur
Amor Ordinem Nescit
Aeternum vale
Aeternum vale
Aeternum vale

In his eyes and on his lips
There lies the love of a thousand years
Here lies love
